PLEASE NOTE: The classes highlighted in Red indicate new classes being added for FY17 in furtherance of the VCSA directive enforcing and tracking mandatory attendance of SOLO for Brigade Commanders (and Battalion Commanders exercising Special Court-Martial Convening Authority). These additional class require renumbering the classes for FY17 in ATRRS beginning with the 244th SOLO and allocating quotas into the new classes through the Training Resource Arbitration Panel (TRAP) process. We expect to have the new classes built in ATRRS in early November 2016 and to have the quota allocations aligned NLT the first week of January 2017. Thanks for your patience.

****** This class was scheduled in June after coordination with the Colonels Management Office (COMO) to better facilitate scheduling of officers who are on the CSL to attend SOLO before or after SSC.
