

Army Paralegal Competence Course

Course Features

VIRTUAL LEARNING

The newly developed course will create a virtual learning environment that makes learning easier, more effective, and more enjoyable for students.

PRACTICAL EXERCISES

Throughout each lesson, learners will complete practice activities that will assess their understanding of content covered in the lesson.

FEEDBACK

Feedback will be provided throughout the course to ensure students are on the right track, with feedback and remediation provide to incorrect answers.

The course is offered as a self-paced, self-directed, interactive study through the JAGU Blackboard LMS without instructor or facilitator interaction or involvement.

The strategic approach to the redesigned course is:

- ✓ **Tell Me** - Present content with explanations of what, how, and why
- ✓ **Show Me** - Show examples
- ✓ **Let Me Try** - Do practice activities and encourage cognitive processing.

The new online education landscape for APCC will provide more engaging and interactive instruction that:

- Includes text, photos, videos, graphics, and sounds
- Includes scenarios and games that deliver a realistic digital environment to check and test for practical skills and lessons learned
